IEEE LI Power Electronics Symposium

2024 November 7

www.ieee.li/pes

The Long Island Power Electronics Symposium & Exhibits is the area's premier annual event that brings together the local power electronics community. The symposium staff is seeking 45-minute lectures covering applicable topics including but not limited to:

- Power conversion tutorials
- Novel design concepts in power conversion
- Energy storage
- Power management
- Power integrity
- Emerging trends

For inspiration, feel free to check out the viewgraphs from prior year's symposium at: <https://www.ieee.li/pes>

Important Deadlines:

- Viewgraphs, abstract (one paragraph, 200 words maximum, NOT a bullet list), speaker bio (one paragraph, 200 words maximum, NOT a bullet list) and speaker contact information are due 2024 October 4. Viewgraphs need not be the final version but need to be closely representative of the final version. **(Authors should submit their work well before this deadline to increase the likelihood of acceptance. Scheduling of qualified papers is on a first-come/first-served basis.)**
- Notification of acceptance by 2024 October 16 (or much earlier if material is submitted well before deadline).
- Presentation at symposium on 2024 November 7. Please arrive at noon so that you can enjoy the complimentary lunch.

For Material Submission, Questions or Further Information:

- Ron De Luca, 631-786-1091, rdeluca1144@gmail.com
- James Colotti, 631-755-7352, colotti@ieee.org

Notes:

- There is no cost to lecture at the symposium, nor is there any obligation to exhibit/sponsor at the symposium.
- After the symposium, presentations may be published on the official website of the IEEE Long Island Section.
- IEEE LI PELS has a strict "no podium, no publish" policy. Material will not be published if a presentation is not made.
- The lecture should be mainly technical and of interest to the power electronics community. Lectures that contain primarily marketing material might be accepted for presentation but might not be published on the website.
- Dress is business casual - collared shirt (polo or dress) – tie/suit is not necessary.
- Typically about 25 to 60+ have attended past lectures.
- Venue is the Hauppauge Radisson, 110 Motor Parkway, Hauppauge LI.
- Please arrive at noon on November 7 and bring your presentation on a laptop and on a USB drive in PPT or PDF format.
